# BRICKCAR DERBY

**TROPHIES WILL BE AWARDED  
FIRST, SECOND, AND THIRD PLACES!**

**Kits can be picked up at Southern Bancorp or Malvern Chamber of Commerce.**

*Proudly  
sponsored by*

## THE RULES

1. Note: glue axles into brick with adhesive of your choice.
2. All cars must pass inspection to qualify for racing: only "official" parts provided by Southern Bancorp may be used in car construction. Axles, wheels and brick body must be those provided by Southern Bancorp. Wheel bearings, washers and brushings are prohibited. No additional weight may be added. Cars from previous years cannot be used.
3. Heats will be single or double elimination depending upon the number of racers.
4. Only official starter will handle cars on the track.
5. Drivers will wait at finish line for results.
6. The car whose nose is over the finish line first is the winner. In the event of a tie, a re-run will take place until a winner is declared.
7. If a car leaves the track, breaks down, etc. The heat will not re-run. The surviving car will be declared the winner.
8. Cars are encouraged to be cosmetically detailed such as steering wheels, driver, decals, painting, etc.

## HOW TO ASSEMBLE YOUR BRICK DERBY CAR

### STEP ONE:

Take a paper clip and clean out the holes that are for the axles.

### STEP TWO:

Insert your axle through your wheel leaving  $\frac{3}{4}$  of an inch of the axle protruding out the other side, trim off the excess axle.

### STEP THREE:

Insert the axle through the wheel and add some glue or any slow hardening adhesive onto the end of the axle, then gently tap the axle into the car. You want the wheel to turn freely, however you want the head of the axle as close as possible, so trim the axle until you get the proper clearance.
